590	Fri	1:30 PM	2:30 PM	INFOR Top Gun PC Lab (Davidson)	Vanguard Systems, Inc.	Vendor	Lori Johnston, Bill Wilson	Gen	Vendor Product	Automating Document Based Business Correspondence	<p>With today's economic climate, overhead is being cut to the bone and Executive Management is pressured to increase profits. To accomplish this, leading companies are automating document based business correspondence to improve communication with partners, customers and suppliers.</p> <p>Effective document management enables companies to streamline document intensive correspondence and make vital business communications more efficient. Most obvious savings with document automation are found in the reduction of paper consumption, less equipment maintenance, and more efficient use of labor. However the biggest benefit is faster time to cash which is often overlooked.</p> <p>Faster information exchange Eliminates bottlenecks in communication Reduce the number of "touches" Accelerate accounts receivable Improve the bottomline</p> <p>In our session, we will be reviewing processes which benefit organizations of all sizes to increase productivity and cost savings.</p>
600	Fri	1:30 PM	2:30 PM	Capital Ballroom 1 B/C	LogicData	Vendor	Mark Feldhamer	Sales/ Cust Serv/ Marketing	Vendor Product	Session Title	Why is the mid-market of manufacturing one of the last to deploy eCommerce storefronts. Learn the difference between Business-To-Consumer and Business-To-Business eCommerce options for deploying a storefront in both environments and the benefits of tightly integrating your storefront with your SyteLine ERP system.
